Mr S. P. Noe, Secretary  
Am. Num. Association  
Broadway & 156<sup>th</sup> str  
New York.

Dear Sir.

Being a collector of coins and knowing there is no practical Coin Cabinet on the market to day, I have made one, that is intended the same time to be a pretty piece of furniture intended to be put on a table. Cabinet is  $12\frac{1}{4}$  High  $9\frac{3}{4}$  wide  $8\frac{7}{8}$  deep all outside dimensions with 14 drawers each  <sup>$5\frac{1}{8}$  high</sup> divided in squares for diff sizes of coins. Walls between coins  $\frac{1}{8}$  thick  $\times \frac{3}{16}$  high of Wood. Cabinet finished in Walnut. Would you please advise me how to get your club interested.

Please communicate with J. Hedrain  
311 Pine Lake ave.

Hoping to hear from you soon I am  
Yours

Very Cordially

Sten Hedrain  
311 Pine Lake ave

March 3, 1927

Mr. Sten Hedrain,  
311 Pine Lake Avenue,  
La Porte, Ind.

Dear Sir:

Our advice would be, if you desire to put your coin cabinet upon the market, to confer with Mr. Frank G. Duffield, 4215 Fernhill Ave., Baltimore, Md., relative to putting an advertisement in the monthly numismatic publication, "The Numismatist." By this means you would reach all collectors throughout the country.

Very truly yours,

Curator
